

STEAMGUNS and COOLGRIP BARRELS

Sioux Corporation exclusively manufacturers Walters SteamGuns™. These gun are ideal for extreme applications where operators are dealing with the most difficult to clean jobs. Walters SteamGuns™ are capable of handling steam up to 450°F @1500 PSI. Due to the proprietary valve design, the guns are capable of high volume with minimal pressure loss.

For those who are serious about using the most durable, fatigue-free, industrial steam and hot water guns available today, Walters SteamGuns™ are the ideal product.

Heavy-Duty Design

Barrels are schedule 40 steel pipe to endure rough handling and components are designed to withstand the most severe conditions.

CoolGrip™

CoolGrip™ is perforated steel and is spring mounted to ensure cool hands.

Resists Chemical Erosion

Valve body is stainless steel which resists chemical erosion.

Rust Prevention

Zinc plated handles for increased rust prevention.
