

Sioux Steam Gun, Hose, & Reel Packages

Sioux Corporation is excited to offer high quality gun/hose/reel packages for connection to boiler systems or in-plant steam lines. These packages are excellent for use in steam cleaning and general maintenance. The hose reels are hand-crank reels that are durable, compact and designed for long lengths of hose. The reel includes a cam-lock drag brake and spring actuated pin lock to lock the reel in place.

The Walters SteamGuns™ manufactured by Sioux Corporation, are the most durable, long-lasting steam guns available today. The guns can handle steam up to 450°F and withstand some of the most severe conditions. These heavy-duty steam guns have a stainless steel valve body that resists chemicals. The barrel is made from schedule 40 pipe to endure rough handling. Combine these industrial strength components with high quality, steam hose rated up to 250 PSI, and you get a REEL package that will last, save time, reduce trip hazards, and protect the hose when not in use. A package includes a hose reel, steam hose, gun and barrel, and nozzle.

Hose Reel Part #	Description
AC00915	Hose Reel 1000 PSI 400°F Hand Crank, Capacity 100' of 3/4" ID Hose (1/9/32" OD), 1" Inlet 90° SS Swivel Joint, 3/4 NPT Outlet

Steam Hose Part # (choose 1)	Description
AC00862	Hose 1/2" x 50' steam 450°F @ 250 PSI, crimped on male NPT ends
AC00863	Hose 1/2" x 100' steam 450°F @ 250 PSI, crimped on male NPT ends
AC00867	Hose 3/4" x 50' steam 450°F @ 250 PSI, crimped on male NPT ends

SteamGun + Barrel Part # (choose 1)	Description
AC00802 + AC00815	Lever Gun 1/2" inlet with barrel and hose swivels + Barrel and Grip 3/8" x 36" 45° sch. 40
AC00803 + AC00815	Lever Gun 1/2" inlet with barrel swivel + Barrel and Grip 3/8" x 36" 45° sch. 40
AC00806 + AC00815	Lever Gun 1/2" inlet with no swivels + Barrel and Grip 3/8" x 36" 45° sch. 40
AC00810 + AC00815	Open Gun 1/2" inlet with hose and barrel swivels + Barrel and Grip 3/8" x 36" 45° sch. 40
AC00809 + AC00815	Open Gun 1/2" inlet with barrel swivel + Barrel and Grip 3/8" x 36" 45° sch. 40

Steam Nozzle Part # (choose 1)	Description
AC00821	Fan Nozzle, 3/8" male inlet, 3" fan output
AC00822	Fan Nozzle, 3/8" male inlet, 2" fan output
AC00823	Nozzle Round, 3/8" male inlet
